Summer means happy times and good sunshine. It means going to the beach, going to Disneyland, having fun." What is this? "One benefit of Summer was that each day we had more light to read by." "Success is the sum of small efforts repeated day in and day out".

### Dear Parents,

Summer Vacation is a time for the children to enjoy and relax . These days are precious and valuable and can be made most from if judiciously used. We should always remind ourselves that children will not remember us for the gifts we shower upon them but will always cherish the time we spent with them. Its time to nurture young minds, inculcate moral values and narrate family anecdotes to keep them in touch with their roots.

### Few tips to make the vacation a fruitful time for your child.

- Encourage your child to take up yoga or any other form of healthy activity during the vacation.
- Involve children in household chores.
- Create a summer diary- Encourage your child to keep a summer diary, to paste photographs of special days and write about them.
- Enjoy walking with them in parks and appreciate nature.

### **General Instructions:-**

- Bring holidays homework in a neatly decorated folder.
- We are not expecting a work of art completed by parents ,just help your ward and encourage him/ her to do the task themselves. Original work by the child shall be acknowledged.
